A TRIBUTE TO SOLDIER HERO

BERT M. E. HEDLUND
Killed in Action Sept. 27, 1918

September 27th is the anniversary of the death in France of Bert M. E. Hedlund, a young man who was very well and favorably known in the district.

He enlisted with the 181st battalion and went overseas to England on October 15th. Almost as soon as he arrived there he willingly volunteered to go to France, and went as a draftsman to the 7th battalion. He entered the trenches on November 13th, just a month after his arrival in England, and on his twenty-second birthday, he was killed by machine gun fire on the Arnes - and Cambrai road, six miles out of Cambrai, on the 27th of September, 1918.

Newton Hedlund, one of the boys who was associated with him, speaks of him as having been one of the favorites with the boys and officers alike.

He is one of the boys who now lie in "Flanders fields, where the poppies blow," a sacrifice to the cause of freedom, glory and country.

DIG SHIPMENT OF BEEF

One of the biggest shipments of dressed cattle ever made in the north of Alberta, passed through Wainwright some time ago. The shipment consisted of sixty bar loads, each carrying approximately fifty carcasses. The shipment was consigned to Rome, Italy and was made up of Alberta choice export stuff. This is claimed to be the final consignment of a very large order for export, and the wholesalers state that with increased demands now they took for a decided drop in the price of meats before the winter is over.

LEST YOU FORGET

In case you wanted to write a letter to the Prince of Wales and want to know his full title, remember this: His Royal Highness Edward Albert Christian George Andrew Patrick David, Prince of Wales and Earl of Chester, Duke of Cornwall in the peerage of England, Duke of Rothesay Earl of Carrick and Baron of Renfrew in the peerage of Scotland, Lord of the Isles and Great Steward of Scotland, K.G., G.M.G.M., M.C.

ANOTHER HUNTER KILLED

Bert A. Lawrence aged 40, dealer with Western Grocers, Edmonton, was instantly killed at Big Lake near Sublett Saturday evening when his gun which was lying in the duck punt tilted towards him and both barrels at full cock, went off, the charge passing through his breast. It appears that Lawrence was rowing and the vibration had thrown the trigger against the canvas of the punt discharging the shot. Deceased leaves a wife and one daughter.

MACKENZIE-FREEMAN

The marriage took place on Sept. 16 between Miss Ethel Christine McKennie and Harry Freeman at Knox church Calgary. Mr. Freeman is from Chaviv and well known here. The newly married couple will reside at Chaviv.

MILLINERY SALE

C. B. Bowerman will give all the ladies in the country a chance to get in on the biggest millinery bargain sale ever staged in Wainwright, when he will sell by auction a large stock of ladies' and children's dress hats, felt hats, long hats, short hats, thin hats, thick hats, big hats and little hats at his second hand store on Saturday, September 27th. Besides hats there is also a quantity of hat trimmings of all kinds from Quebec to the West.

BURNELL FORD CONCERT WAS OF HIGH ORDER

Last Wednesday the people of the town and district who were fortunate enough to see the first of the Lyceum Concert series at the Elks lodge, Burnell Ford, the electrical wizard, witnessed one of the most educative and interesting electrical demonstrations ever shown in this country.

The very prominent place in which electricity has been given in present world activities and the innumerable uses to which it has been put, especially in the last four years of war time, made the demonstration of practical and educational value to every one.

One of the most interesting things shown was the method in which the rapidly of electric sparks are counted. The instrument he used was a large circular disc with large dots painted on it. By revolving the disc very rapidly and regulating the length of the spark as it flashed on the dots, some astounding optical illusions resulted, and his clear explanations to the audience made everyone understand just how they were produced. The demonstration of the wireless control and the magnetic force of the lines of the earth's magnetic currents were very interesting and thoroughly explained.

It was a splendid entertainment, and one that every high school student and adult should have seen. If the standard of the service is up to what was shown during the first night, the G. W. V. A. deserve the support of every one in the district, in their efforts to give Wainwright people a chance to see this really high class entertainment.

The Veterans are expecting to see the Elks theatre crowded for the second program of the Dominion Lyceum series which will be presented on Saturday October 4th. The Ward-Waters company will entertain the audience with sketches, impersonations, songs, humorous dialogues, etc. Each number of this company is reported to be unusually clever. There will again be a full concert in the entire evening after the exhibition of quality program given by Mr. Burnell Ford.

The Veterans are confident of the enthusiastic support of the Wainwright people for the remaining evenings of the course.

After the Ward-Waters company will come the Elks theatre company on October 25th then on November 20th, the Little Hinchaw Ladies and on December the Serbian Tambourine Orchestra.

EDITING A NEWSPAPER

Editing a newspaper is a pleasant business—if you can stand it.

It contains any advertisements, the subscribers claim they take too much space.

If there is a scarcity of advertising it is unpopular and the people won't have it.

We attend church regularly, they say we do it for effect.

"It we stay away from church, they say we are monstrously heathenish."

If we accept an invitation to a wedding they say we are invited to write the obituary and put it in to fill up.

If we are on the streets much they say we neglect our business.

If we avoid going on the street they say we don't hustle around after the news.

If we reject a long winded communication, its author becomes furiously enraged and discontinues his paper.

If we publish lengthy communications our subscribers say we lack discretion and put it in to fill up.

If we omit to correct our office window on Dominion day they say we lack enterprise and that there isn't a drop of patriotic blood in our degenerated veins.

If we omit jokes, they say we are poor, miserable fossils.

If we are single they say we are too helpless to get married.

If we are married they say it's a pity for our wives.

We are liable to receive these raps and many more, and we are always ready to receive visitors. Of course we do not claim there is any work in running a newspaper. Everybody knows it is a snap.

DAYLIGHT SAVING WILL

ON OCTOBER 26

FOR PROTECTION OF GAME

Government House,
Ottawa,
1st September 1919.

Dear Sir Herbert,

I am pleased to be the holder of a Canadian War Savings Certificate. I am delighted to find that in Canada you have War Savings stamps on sale, similar to those we have in England.

I wish the War Savings campaign every success.

Yours sincerely,
J. S. MacNeil

Sir Herbert G. Ames,
Chairman,
National War Savings Committee,
Ottawa.

Facsimile of the letter sent to the Chairman of the National War Savings Committee by His Royal Highness the Prince of Wales, at the time he purchased in Ottawa a Canadian War Savings Certificate containing the full number of ten War Savings Stamps.

LOCAL G.W.V.A. MEN FILL OUT QUESTIONNAIRE FOR BONUS

In order to procure the fullest possible information on the question of the re-establishment of returned soldiers and their dependents the special committee of G. W. V. A. representative at Ottawa who are conferring with the parliamentary committee, have recommended the issuing of a questionnaire to veterans and dependents which have been distributed to local members this week.

Every returned man and dependents will fill these forms out and return them to Edmonton as soon as possible. Upon receipt of the completed documents from the various branches throughout the province by the provincial secretary, these will be forwarded by statistics and an accurate count of all cases where they will be handled and analyzed. By this means the G. W. V. A. committee will have the fullest possible knowledge on the reinstatement question to place before the parliamentary committee.

The details asked for on the questionnaire are the fullest possible and among them are: Are you now in employment? Did you return to your pre-war position? Did you have any pre-war wages and wages at present? Is your job temporary or permanent? Do you consider yourself rehabilitated, and if not, define what measure of re-establishment would meet your particular need, etc?

The questionnaire to dependents is to much the same style and demands what system of re-establishment would best suit the individual case.

A telegram from C. W. MacNeil, to the secretary of the provincial command of the Great War Veterans say:

CHARGES WILSON WITH RECEIVING VALUABLE GIFTS

Washington, Sept. 23—Senator Penrose of Pennsylvania, declared in the senate that President Wilson and his party brought back from the peace conference jewels and gifts from the "crowned heads" which he had been told were worth more than \$1,000,000.

Interrupting a speech by Senator Ashurst, Arizona, who said that in 1919 it had been proposed to prohibit acceptance of gifts from foreign rulers by the president, Senator Penrose asked if the Arizona senator had in mind gifts made to President Wilson while in Europe.

"I know nothing of that," Senator Ashurst replied, "but if any Democrat accepted such gifts he should receive condemnation as quickly as if he were a Republican."

"I have been," that the president and his party came back overburdened with presents from crowned heads and foreign governments," Senator Penrose said. "There was jewelry valued at hundreds of thousands and I was told that customs authorities valued the gifts a more than a million dollars."

LEGISLATURE WILL NOT BE CALLED THIS FALL

Edmonton, Sept. 23—Premier Stewart said this morning that the government would defer the session of the legislature until after the new year if possible. It was felt that the disadvantage of a fall session was so many that unless actually imperative it should not be called and it was not yet apparent that necessity would arise. The reason for such a meeting before the end of the year would, of course, be the relief situation in southern Alberta and if that became sufficiently urgent the government would be compelled to call the legislature together to deal with it.

FOOTYER FAMOUS DISPATCH

"My centre is giving way; my right is retreating; the situation is excellent. I am situated" sent to general headquarters during the first battle of the Marne.

WANT ORGANIZATION FOR PROTECTION OF GAME

National Conference Recommends
Formation of Local Bodies to
Promote Wild Life Conservation

It is a well recognized principle that in a democracy, a law is difficult of enforcement unless it has behind it the force of public opinion. It is also a fact that public opinion is ineffective unless it is organized.

One difficulty with the laws protecting our resources in game and fur-bearing animals has been that too frequently the game wardens have not had the public behind them in the enforcement of the law. Accordingly in some districts local societies have been formed to promote the protection of wild life.

Such a society should be composed of sportsmen and others interested in the objects of the association. It can perform valuable service by educating public opinion, by supporting the game wardens, by recommending to the provincial governments improvements in the law and means by which the law may be better administered and by calling attention to infractions and abuses.

Among societies already in existence may be mentioned the Essex County Wild Life Conservation association, the Sudbury District Game and Fish Protective Association, the Petawara Camp Fish and Game club, the Vancouver Angling and Game Association and the Vancouver Game club.

The National Conference on conservation of game, fur-bearing animals and other wild life at its meeting this year passed the following resolution: "That this National Conference of officials, sportsmen and others concerned in the conservation of game animals and other wild life, is of the opinion that, as one of the best means of promoting the conservation of these animals is by the promoting of local game and wild life protective associations, the organization of such associations should be encouraged by every means possible and that the provincial governments be recommended to make every effort to promote the organization and to assist in the maintenance of such associations."

STREET STRIKE MAKE MEAN START OF INDUSTRIAL WAR

Washington Sept. 24—Congress is inclined to view the steel strike "as the first skirmish in industrial warfare"—possibly only the prelude to the long talked of "show down" between capital and labor which they have predicted would come in the readjustment from war to peace.

The statement by some of the strike leaders that the strike is the start of a movement to socialize the basic industries of the nation coupled with the fact that the railway workers already have proposed, in the so-called "show down" to socialize the transportation highways is regarded in congress as very significant.

WORLD SERIES OPENS AT CINCINNATI ON OCT. 1st

Cincinnati for the first time in its history as a National league city will on Wednesday, October 1st witness the opening game of the series to decide the baseball championship of the world between the Cincinnati Reds winners of the National league pennant and the Chicago White Sox, the prospective winners of the American league pennant.

The teams will play the first two games in Cincinnati, and the next three will then jump back to Chicago. The series will be played in Chicago if it is necessary and before the eighth game, which will be played in Chicago it will be decided by the lot where the last game should be played should the series stretch out to this length.

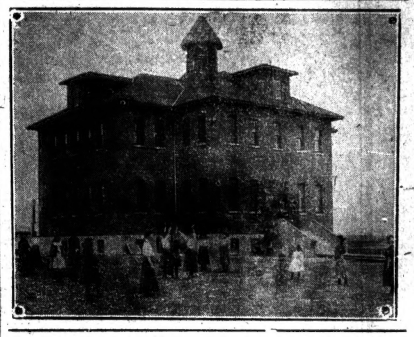

The schedule calls for continuous playing on each day weather permitting.

ELECTIONS WILL BE HELD IN ONTARIO ON OCT. 20th

Toronto, Sept. 23—Official announcement that the provincial general elections will be held on Monday October 20th was made this afternoon by Sir William Massey, premier of the province of Ontario. Nominations will be held the previous Monday, October 18th. The date of the elections was generally anticipated but it was not until after meeting of the cabinet this afternoon that the announcement was made.

FIELD DAY FOR PUBLIC AND HIGH SCHOOLS NEXT FRIDAY

Both high and public schools are again in full swing. The various student activities are being taken with the addition of some new ones. Miss Ash is starting a choral society among the high school girls. This should prove both interesting and profitable. Basketball has been revived and it is evident that there is some good material on hand. Literary society will be started next month with an entirely new and written constitution. The most important movement on hand is Field Day, which is to be held on Friday, October 2nd. Several rural districts are entering the competition that day. It is expected that the high school girls will play Viking basketball about one o'clock that day. If not two local teams will, but battle on the school grounds for the championship. After that all will proceed to the fair grounds where the following events will take place.

Events for Boys
100 yards dash, all ages.
100 yards dash, 15 and under.
10 yards dash, 12 years and under.
50 yards dash, 10 years and under.
Senior running broad jump, all ages.

Events for Girls
Three-legged race, 10 and under.
Clothes hunting race, 15 and under.
Running broad jump, 15 and under.
Standing broad jump, all ages.
Hop, step-and-jump, 15 and under.
Pole vault, 10 years and under.
Half mile relay race, four to team, 15 years and under.
Sack race, 12 and under.
Three-legged race.
Girls' Events
75 yards dash, over 18 years.
50 yards dash, 13 and under.

Skipping contest, all ages.
Potato race, 12 and under.
Thread the needle race, 25 yards, 13 and over.
Egg and spoon race 25 yards, 13 and under.
Potato race over 18 years.
Basketball competition.
In nearly all cases there will be three prizes given. The public are cordially invited to witness all competitions.

MAIL LOSSES FOR ALBERTA WERE ALMOST A MILLION

Losses from mail in Alberta are expected to total this year about \$1,000,000, shared almost equally between the municipal mail insurance schemes and the straight line companies. The net loss is thought likely to be somewhat heavier than last year, a number of bad storms having swept portions of the grain country during the growing season.

The municipal mail insurance board held a meeting in Calgary on Tuesday at which it was reported that the total insurance carried last year was \$11,000,000 with losses of a little more than \$500,000. The premium rate was fixed at six per cent, which will figure out at forty-eight cents per acre for \$5 insurance and 56 cents per acre for \$6 insurance. Over 90 per cent of the insurance carried, was at the \$5 rate.

In the case of companies it is stated that thirty per cent less insurance was written this year, because of the dry weather in the south and of the remainder another thirty per cent was cancelled.

Some of the worst hail storms during the summer were in the Ponoka and Gleichen districts. The near north was also visited, considerable damage being done between Stony Plain and Westlock.

MAIL BOARD STRIKES RATE AT 6 PER CENT

Calgary, Sept. 23.—The Alberta municipal mail insurance board struck their rate for the year at 6 per cent. Their losses totaled \$500,000 and they carried \$1,000,000 in insurance for the season.

DUKE AND DUCHESS OF SUTHERLAND VISIT EDMONTON

The Duke and Duchess of Sutherland arrived in Edmonton Wednesday to a private car attached to the Canadian Pacific train from Calgary. They are spending the day at the capital, the duke driving into the country and the duchess being a guest at the Country Club. After dinner at the Macdonald they will take the midnight train for the south again.

MAIL BOARD STRIKES RATE AT 6 PER CENT

Calgary, Sept. 23.—The Alberta municipal mail insurance board struck their rate for the year at 6 per cent. Their losses totaled \$500,000 and they carried \$1,000,000 in insurance for the season.

GAS RUNNING SHORT

The gas company has officially warned Calgary users that they must be ready to discontinue the use of gas in their buildings upon 36 hours notice. The city is at using a great deal of gas for heating purposes at the present time but it will be necessary to make changes in several of their buildings.

Cubs Corner

You lost! Enough! Don't try to tell the victor why.

So far it can be noted that there are two more prosperous farmers who are building this fall.

Mr. Mabey is thrashing on his farm. I guess he has got a good crop.

The school is giving a Field Day in Wainwright some time at the beginning of next month. Be prepared.

Prairie chickens and ducks are always there when you haven't got a gun.

General Currie doesn't spell "his name" "Currie" but "Curry".

If business is poor don't be a trower "Cher" up! There's a crowd! Don't make life miserable for other people.

Mrs. Munn left on a six week visit to Peterboro and Toronto. Mrs. Munn accompanied her as far as Winnipeg.

Mrs. Davies and Mrs. Primrose went to Banff on Monday.

Mrs. Culley and Mrs. Mott were passengers to Edmonton on Monday's train.

We're glad some good Samaritan has repaired the foot ball goal. We think the thanks of the boys are due to Mr. Mitchell. The boys are also repaired.

Mr. Mabey has drawn in a stable from his place to the school for the purpose of putting in his horse.

Another War Substitute
Willie: "Mamma, you hire a woman to do your washing don't you?"
Mamma: "Yes?"
Willie: "Then I don't see why I can't hire a little boy to take my baths for me."

And Give Puncture-Proof Service

We have joined the ranks of over 1300 progressive dealers who are offering puncture proof tire service, and a 50 per cent economy in the expense to every motorist—and we are proud to announce it.

Less than three years ago Charles C. Gates, E. M., invented the tire which gives this service and economy and is now revolutionizing the whole tire business.

It is oversize—and sold under a stronger guarantee than the tires you have been using.

It is guaranteed puncture proof.

It costs only ONE-HALF as much as other standard tires of corresponding size.

Over 600,000 motorists including the largest business fleets in the country

these tires and endorse them. No stronger testimonial could be offered.

These motorists are saving one half on the original cost of their tires and are getting 10,000 to 15,000 miles of service per puncture-proof service—guaranteed.

You, too, are entitled to this service and saving and we are prepared to give it to you.

This tire embodies a scientific principle which is so simple that when you see it you will just see hundreds of other motorists have, wisely, distributed someone think of this before

Let us show you these Gates—Gates Half-Sole Tires that are oversize—puncture proof, and yet cost you only one-half as much as other standard

Demonstrator will be here Thursday - Friday - Saturday this week.

Wainwright, Alberta, Wednesday, September 24

PUBLICITY.

There is good work to be done in publicity with regard to our show case on the station platform. If some organization would bear themselves sufficient enough to replace some of the exhibits in the case. Remarks made by passengers who view the exhibit, as they now stand, are not so highly praiseworthy, as they might be if we had a good line of this year's grain, properly labelled, and well arranged in place of what is now there. The show case has been the cause of much argument and "passing the buck" and considering the willingness with which the G. T. P. allowed the structure to be built and placed there it behooves us to use it for the way it was intended.
 A little cooperation among the farmers would undoubtedly result in securing some good samples of grain and a little time in arranging it in the show case would produce a little more favorable impression than what is in the case at present. Oh! you Board of Trade.

The promised sugar which was supposed to be shipped to the west in sufficient quantities to relieve the shortage, has not yet made its appearance. As a sequel to what it has been

going, the authorities have discovered in one warehouse in Winnipeg \$48,000 pounds in storage, and the firm originally shipped stated that they had had no difficulty in getting sugar shipments regularly. Probably after the Chamber's association have forced the price of fruit down and held off long enough to be sure that ninety per cent of the housewives were not able to put up their usual supply of fruit, they will release their hold of the sugar situation and allow the consumer to again get his regular supply.

Taxes are coming in the town treasury in more volume this year so far than for several years. This, in spite of the increase of the rate. At the present time receipts for September are over \$4000 in advance of the same period last year.

This week Dr. Little left for Edmonton. The doctor has been very prominent in public work in the town, always taking a very active part in the work of the Board of Trade, public functions and also in the work in the Methodist church here. He has exerted a good deal of the time for the interests of the town, and his leaving will be regretted. We wish him every success in his new work in Edmonton.

The Farmer-Banker Alliance

You go to your lawyer for legal advice; to the doctor for medical advice; why not to the Merchants Bank for financial advice?

If you want a loan to buy cattle, hogs or equipment—if you want information as to how to invest money—come to those who make a business of financial matters, and are in a position to give you sound and impartial advice.

GRIZZLEY BEAR

MUNICIPAL DISTRICT

The meeting of council of Municipal District of Grizzly Bear was held at 7:30 p.m. on Monday, September 23rd. Present, F. B. Hill of Division 2. Reeve Green presided taking the chair at 11:30 a.m.

Minutes of previous meeting were read and approved. Boarding Mr. Chas. Hooker's hospital expenses, the secretary was instructed to send a report of the visit by Inspector Young of the department of municipal affairs, Edmonton, to the district; and made reference to some of the matters touched on. It was agreed to open an account at the bank to handle the educational, supplementary revenue and Wild Lands tax now collected by the municipality for the provincial government.

A letter was read from the department as to preparation for valuation and assessment of 1920. No action was taken.

Memorandum submitted by Thos. Lake, Wainwright, asking that Seed Grain Lot be registered against his homestead, and now paid, should be returned to him. Agreed on.

Memo read from department of surveys, Edmonton, as to roadway south of Section 24-47-6 stating that the department would have the survey registered. Secretary was empowered to pay Mr. Patterson for the land taken, eight acres at \$10 per acre.

Letter was submitted from the Union school district asking for an early payment of money requisitioned for the district. In view of threatened action of ratepayers of the school district it was agreed on motion of Messrs. Stokell and Hill, to defer payment until next meeting.

Request was submitted from E. H. Benner for a refund of Wild Land tax now cancelled by the department as charged against S. W. 4-48-4 west 4th. Agreed to make the refund and to deduct same from next payment to Edmonton.

M. J. Fortune waited on for an oil re-wild land tax on West half 1-4-5 west 4th. It was agreed to submit matter to Wild Land Tax commission. Claims for wild lands tax exemption was also submitted from another as to S. W. 24-48-4, west 4th. S. W. 24-48-4, claiming that the place had been sold and that the new owner had been for three months in residence—exemption granted.

Mr. Hayward claimed exemption for S. W. 14-48-4 west 4th and S. W. 24-47-5. First claim was allowed on account of cultivation; on second claim Mr. Hayward to submit evidence of purchase.

F. W. Woolworth

who achieved the remarkable chain of 5 and 10 cent stores of the day of 200 supported his wife and child—and saved money—on \$10 a week.
 At the age of 48, when he died the Woolworth fortune was estimated at \$65,000,000—built up originally by systematic saving.
 That is the average individual begins the moment a Bank Account is opened.

UNION BANK OF CANADA

Wainwright Branch G. C. Siddall, Manager

Mr. J. V. G. Morrison's claim as to N. E. 28-48-6 was allowed, plans having been bought by Mr. C. Tittery, a returned soldier who has been for some time in residence.

Secretary reported having sent out notices of arrears of taxes to return, and protests as to these were submitted. Messrs. Gouten and R. D. Braville made personal enquiry as to taxes and were promised a statement.

Confirmation of 1919 Tax Enforcement was reported. Judge Morrison's letter re the matter being read. Notice taken by registrar's unwillingness to register until an open check had been forwarded.

Notice was taken of late delivery of road drags ordered in April from the Canada Ingot Iron company and secretary was instructed to write the company cancelling order. Letter was submitted from J. W. Elliott as to certain taxes also to open wells on unfenced lands and liability to accidents in regard to these. Matter was discussed and letter filed.

Accounts passed were: O. H. Weber \$4; A. W. Elliott \$4.80; H. Green \$7.50; H. Hodgins \$7.50; C. Stokell \$5.50; A. Dixon \$6.20; B. Laporte \$4; H. Brown \$4; A. Dixon, \$1.50; J. P. Watson \$4; M. Leitch \$2.10; W. Wilcox \$5; Barg and Wetherburn \$23 Road work sheets paid passed for Division No. 1, 114; Division 112, \$21.50, \$21.75, \$132.50; \$25, \$115.50, \$128.25, \$50.00
 Division 19, \$150.00; \$116.00; \$177.35; \$117.50; \$84.00; \$70.00; \$25.00

ALBERTA TEACHER'S ALLIANCE

Alberta Teacher's Alliance Adopts a Provincial Schedule of Salaries

The executive of the provincial Teachers' Alliance met in Calgary on Saturday last. A large increase in membership is announced and the executive feels that it will only be a matter of time before the Alliance will claim every teacher in the province. BUYING BONDS IS COMMON SENSE ACT

Investing of profits in Victory Bonds has a particular appeal to Western farmers. The action is a sort of merry-go-round in which the farmer makes money at each turn. Not only does he gain a good rate of interest, but he assures himself of a market for his produce at prevailing prices. The business of Canada is built on the basis of trade. This foreign trade

The Old Reliable Black Diamond Coal

Long recognized as the Best Coal in the Edmonton District, this year... rather and better than ever on account of the installation of the most modern Screening Apparatus, which ensures large clean coal. Get your winter's supply now. A ton in the cellar is worth two in the mine when it is 50 below zero.

We are handling many cars of this coal, have a car on the track nearly all the time. ORDER NOW! Get your coal right off the cars and save 25 cents per ton it costs us to shovel it into the coal shed.

Headlight Double-screen Lump

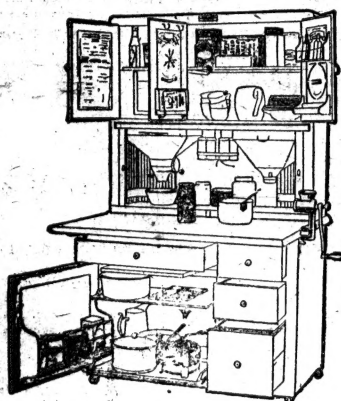

If you want a cheaper coal, one that comes in great lumps, throws a great heat, Lights Quickly, leaves no clinkers especially recommended for fall weather, when a quick warm fire is needed, order a Ton of Headlight. \$1.75 PER TON CHEAPER THAN EDMONTON COAL.

This coal is mined by the Toftield Coal Co., the deepest mine and largest company in that district. This company has contracts with the power plants and railroads all over Northern Alberta, for the cheaper grades of coal and save—only the best coal for domestic use.

We have the largest coal shed in town. Our scales are Government insp. etc. and carefully looked after. Our coal cannot be beat, in grade and price. Phone us, No. 57
